460+ villas handed over in 12 years | Aiming to completed 1000+ villas by 2030

Live in luxury doesn't mean live in concrete jungle. With CMR Villas, living comes naturally. All projects of CMR are built amidst greenery without compromising the comforts and facilities of town living. CMR Group is the leading professional villa maker of Kannur with strong ethical foundations and time tested credibility. Established in the year 2012, **CMR has completed 460+ luxury villas** in Kannur Dist. With elegant vastu designs, top quality construction and personalised customer service, CMR has become the favourite home maker of middle income families.

We also take care of preserving the mother nature by giving a very strong emphasis on implementing environmental management best practices at where ever we do a construction.

With the mantra of "Quality in whatever we do", today CMR is on the way to scale new horizons by fulfilling every family's dream of "My Own Home".

CMR has the credit of housing 460+ happy families. We achieved this honour by most of our customers bringing one or more of their friends / relatives to share their joy of fine living.

Our recently completed villa project with 84 luxury villas in Taliparamba is developed in two phases in 10 acres of greenery. The first phase - CMR Paradise as well as second phase - Aiza Diamond Hills were fully sold out even before the project was completed. This project was in the heart of

Taliparamba town with designer homes in 6 to 10 cents land ranging from 1500 to 4100 sq.ft with a choice of 3 / 4 / 5 BHK and a price range of 55 lakhs to 1.5 crore. This is the first villa project in Kannur district with swimming pool and more than 125 cents devoted for common amenities. All our villas have been handed over within scheduled time.

Work is nearing completion for our latest project near Kannur town close to Chala Bypass - CMR Alvina Harmony. 35 luxury villas, with all modern amenities including swimming pool, are getting ready for few discerning families. Our second project in Kannur town, near MIMS Hospital, Anna Harmony with 30 villas of 3 & 4 BHK (60 - 1.25 crore) is also nearing completion. Both projects will be handed over to its proud owners before 31st December 2025.

Our two projects - Aina Paradise and Aiza Paradise - at Vakathanam in Kottayam district are fast progressing with villas ranging from 60 lakhs to 1.50 crore.

We are proud to launch Aina Harmony near Cochin International Airport with 32 luxury villas with most modern amenities at a very reasonable pricing of 60 to 125 lakhs.

Presenting before you Aiza Silver Hills, 3 & 4 Bedroom villas with 25+ modern luxury amenities priced at 40 and 45 lakhs at Vayattuparamba, Near Alakode in Kannur dist.

We are an ISO Certified builder having experience of building and handing over more than 460+ villas. We believe in providing quality materials and excellent workmanship in each and every square feet.

OUR QUALITY STANDARDS

Details of guaranteed materials used
for CMR Villas which are ISO certified for quality standards.

FOUNDATION, WALLS AND LINTEL

Granite stones are used for the foundation of all villas. A 6" belt is concreted above the foundation. The Structure is strongly built as suitable for 2 floors. The Walls of the house is built with solid laterite bricks. A 6" solid concrete lintel is made above the windows for strength and the main slab is concreted with 5" thickness above windows.

CONCRETING & PLASTERING

M-Sand is used for main slab and for all other concreting works of the villas. P-Sand and M-Sand are used for plastering and flooring respectively. While Ultra Tech / ACC cement is used for concreting Panna cement is used for plastering works. Iron and steel rods used for all works are either **TATA STEEL** or **KAIRALI TMT**

ALL WOODEN WORKS, KITCHEN, WINDOWS AND DOORS

Good quality teak wood is used for door frames (kattila) (6x4 ft) and doors in the front of the house. All other doors (5x4) are WPC. Unplasticised polyvinyl carbon – UPVC - profiles of SIMTA company is used for windows. It has got company replacement guarantee for 25 years.

PLUMBING & SANITARY

All taps and sanitary items are hand picked from reputed brands like **Jaquar**, **GROHE** and **Roca** with a guarantee of 5 years. Company directly repairs or replaces defective items, if any. Entire pipes and pipe fittings are of high quality **Supreme** brand. All closets and wash basins are of **Roca** brand. Also all concealed sanitary items are from **Roca** only to ensure durability and safety.

ELECTRICAL GOODS

Brands like **RR KABEL**, **HAVELLS** or **V-GUARD** are used for entire wiring and cabling works. Switches, ELCBs and MCBs are of well reputed and reliable **HAVELLS** brand.

FLOORING

Flooring is done with stain resistant first quality premium vitrified digital tiles of 80x80 / 60x120 of **Kajaria**, **JOHNSON**, **Simpolo** and **AGL** brands. Digital tiles are used for kitchen and bathroom floors and dado walls upto 7 ft height. Kitchen is adorned with granite slab platform and stainless steel sinks.

HANDRAILS

Handrails are made with excellent quality stainless steel which remains fresh and new for ages.

PAINTING

Two coats of putty, one coating of Primer and two coatings of painting is done using **Asian Paints** products for the interiors, exteriors and ceilings of the villa.

PEST AND TERMITE CONTROL

Pest control measures are undertaken during initial stages of construction itself to avoid white ants, pests and termites.

WATER PROOFING

Guaranteed water proofing is done for foundation, belt, lintel, shades, main slab and bathrooms.

CMR do not compromise either quality of materials or on perfection in workmanship.
